NOTICE TO ALL PARENT IN WESTERN REGION

Registration of Children for Primary one in January 1957

The Registration period for children eligible to enter Primary One in January next year will commence on Monday 7th May, and end on Friday, 3rd August.

2. Each of the 7,000 existing Primary Schools in the Western Region will constitute a Registration Centre.

3. Children must be registered during school hours at a school within a radius of three miles of their place of residence.

4. Only children who will have attained the age of 6 years in January, 1957 and who will not have reached the age of 7 years, should be registered.

5. The provision of Primary One educational facilities by the Western Regional Government will be restricted next year to those children who have been duly registered as instructed above.

6. Parents are therefore warned that their failure to have eligible children registered during the official period (7th May - 3rd August) may mean that non-registered children who present themselves in January, 1957, will be refused entry to Primary School.

7. The extensive planning involved in providing the extra classroom accommodation required each January in based on the preceding mid-year registration returns.

8. The vast expansion of Primary School facilities throughout the Western Region commenced in 1953 and is now well know to every parent.

9. Government is therefore no longer prepared to entertain the provision of a late supplementary construction programme, made necessary by the negligence of parents in not availing themselves of the facilities provided by the 3-months registration period.

10. The headmasters and staffs of all Primary Schools in the Western Region are asked to assist in ensuring that the above details regarding registration are fully understood by the parents in their areas.
