No. 5008/2/Vol. 11/912

PUBLIC NOTICE

Western Region Government
MINISTRY OF AGRICULTURE AND NATURAL
RESOURCES CO-OPERATIVE FARM SETTLE-
MENTS

APPLICATION FOR ADMISSION

Applications are invited before the 10th of September, 1959, from educated young persons who are interested in farming as a means of livelihood, and who wish to take up the opportunities offered by the Government of the Western Region of Nigeria's Co-operative Farm Settlement Scheme.

2. The Scheme provides for the settlement of young persons on farms that will form part of a co-operative settlement. These farms will be of such a size and will grow such crops as should ensure an income to the farmer which at its minimum is expected to be in excess of that earned by many junior civil servants.

3. Funds for the establishment of these farms will be provided on loan by Government. After establishment which will be undertaken by the settlers under the supervision of the Ministry of Agriculture and Natural Resources, each farm in each settlement will be assigned to a farmer-settler who will own the crops and hold the land on a leasehold basis. The settler will refund the cost of establishing his farm in easy instalments over a number of years as stipulated in an agreement into which he will have to enter with the Regional Government.

4. The first settlers will have to complete satisfactorily a preliminary training course which will commence in early October this year. This course will last for about three months after which a final selection of settlers will be made. During this preliminary training period free board and lodging will be provided.

5. The required number of trainees will be selected from among the successful applicants after an interview.

6. Applicants should be:

- Young and unmarried;
- literate in English. Preference will be given to holders of Primary School Certificates and above;
- able to produce evidence of a definite interest in farming;
- of good physique as well as initiative and drive;
- able to pass a prescribed medical examination.

7. After the period of preliminary training successful trainees will move to the site of a proposed settlement. This will be as near as possible to a trainee's home district provided that an acceptable offer of suitable land has been received from that area. Successful trainees will start clearing operations in readiness for planting crops in April, 1960. The trainees who do not qualify, for reasons other than those of a disciplinary nature, to participate in the co-operative farm settlements may be offered alternative facilities for continuing a career in agriculture.

8. The establishment of the settlements will be in two phases. During the first phase lasting for a period of about two years it will be compulsory for settlers to eat communally and each settler will be provided with free board and lodging and farm clothing; in addition he will be eligible for an allowance of £3 per month. This cash allowance will be debited to the settler's account and it will form part of capital cost of establishing each settler's farm. In addition settler's will be given an opportunity to supplement the allowance by growing food crops.

9. During the second phase of establishment which, dependent on the crops to be grown, will last from three to five years, each settler may, if he wishes, continue to receive an allowance of three pounds per month and facilities for board and lodging. However, during this period the settler's repayable capitalisation account will be debited with both the allowance and the cost of his board and lodging which is likely to be charged for at a rate of not less than two pounds ten shillings per month. In this second phase any settler who wishes to make his own arrangements to provide his own board will be allowed to do so and wives may be allowed to reside on the settlement.

10. Arrangements will be made for the settlers to live in new model villages which will be provided with good housing, access roads, water supplies, recreational facilities and other social amenities as soon as possible.

11. Full details of the Co-operative Farm Settlements Scheme and application forms can be obtained from any Divisional Office of the Agricultural Extension Services Division of the Ministry of Agriculture and Natural Resources.

Ebun Egberun Ponun

Fun Orin Orile-ede Wa

(National Anthem)

The Words Of The National Anthem Are as follows:

1. Nigeria, we hail thee,
Our own dear native land,
Though tribe and tongue may differ,
In brotherhood we stand,
Nigerians all, and proud to serve
Our Sovereign Motherland.
2. Our flag shall be a symbol
That truth and justice reign,
In peace or battle honour'd,
And this we count as gain,
To hand on to our children
A banner without stain.
3. O God of all creation,
Grant this our one request,
Help us to build a nation
Where no man is oppressed,
And so with peace and plenty,
Nigeria may be blessed.

Ijoba Apapose tile Nigeria fi ebun egberun ponun
tele fun eniti o ba le korin orile-ede tile Nigeria.

Ki ese orin meteta je ohun orin kanna, ki o si
ba awon oro orin na mu regiregi.

Ki iwe orin kokan si je ohun orin kanna de'le,
A ko ni da awon iwe orin ti a ba ri gba pada,
gbogbo re yio wa ni ikawo Ijoba Apapose.

E fi awon iwe ranse si :-
