(No Car, Walk)

This happened in 1927. I had gone with Bapu to Bassor, in Orissa; and from there we were to go on to Bhadrak, where arrangements had been made for holding a meeting. Bapu could not go. So he sent me, "You go, Kaka, and deliver my message to the meeting." I got ready to go, and then sat waiting for someone to come and fetch me. No one came. I went on waiting.

This must have gone on for about an hour. Bapu seeing me still there, asked, "Why have you not gone?" I said, "I am ready but what can I do? No one has come to fetch me." Bapu was greatly upset. He said, "This is no way to work. The moment it was time to go, you should have gone. No matter if there was no car, you could have walked. Even if had taken you two days to reach Bhadrak, it would not have mattered. What we are concerned with is not reaching in time but starting in time."

I felt very much ashamed of myself, and set out immediately asking the way to Bhadrak of whomsoever I happened to pass on the road. I went on like that for nearly a mile and then Shri Harekrishna Mehtab came along. Hearing that I had set forth on foot he had immediatly sent order for his car and came walking after me himself. We must have walked nearly another mile before his moto overtook us.
