★ DOUBLE POWERED

New Mobilgas

* POWERED by modern refining methods for high octane and energy values.

* POWERED by the most effective combination of chemical additives.

BOOSTS ENGINE POWER BY UP TO 25%

HOW NEW MOBILGAS WILL IMPROVE YOUR CAR'S PERFORMANCE REGARDLESS OF ITS AGE OR MAKE

1 More miles from each gallon—because of the high anti-knock and energy values of the petrol stocks it is made from.

2 [illegible] power [illegible] — by [illegible] the [illegible] anti-knock value [illegible] for [illegible] and knock [illegible] power.

3 Prevents pre-ignition caused by [illegible] deposits — a new chemical additive prevents [illegible] from glowing [illegible] knock and [illegible] that pre-ignition causes.

4 Sparking plugs fire better — because the same new additive reduces plug fouling, and adds thousands of miles to useful plug-life.

5 ON HOT DAYS — corrects hard starting, stalling and power loss — because improved refinery blending reduces the formation of hot-weather gas bubbles in fuel systems, and so prevents fuel-starvation.

6 Prevents fuel-tank rusting — another exclusive new chemical prevents the rusting of petrol tanks by condensation — and so prevents particles of rust clogging carburettor jets.

7 Preserves engine — exhaustive road testing has shown that New Mobilgas keeps modern high-compression engines at peak performance longer — and corrects more troubles on older cars than any other petrol.

Always use DOUBLE POWERED NEW Mobilgas

THERE'S A TUNE-UP IN EVERY TANKFUL
