Questions In The House Of Commons

The following questions affecting West African affairs were recently dealt with in the House of Commons:-

Mr. Thomas Reid asked for a statement on the conditions revealed by the experts report on the administration of Lagos municipality. Mr Lyttelton said that the Commissioner who conducted the enquiry was appointed by the Nigerian Government and submitted his report to them. He had found that the Lagos Town Council had failed in several ways to carry out its duties so as to serve the interests of the town. After considering the report, the Government of the Western Region of Nigeria had dissolved the Lagos Town Council and appointed a Committee of Management to carry out its duties.

Both Mr. Stevens and Mr. Johnson enquired about the transport of the groundnut crop from Northern Nigeria to the coast for export. Mr. Lyttelton told them that in 1951-52, 418 thousand tons of Nigerian groundnuts, or nearly three times the previous season's tonnage, were bought for export. The arrangements for transporting them to the Coast by rail had been much improved and at the end of January the backlog had been reduced by a sixty-thousand tons. If the railway continued to carry the groundnuts at the same rate, both this surplus and the 300-th-usand tons of the present season's crop now at Kano would be cleared before the beginning of the next seaso . Th great bulk of the groundnut crop must be moved by rail and much was being done to improve the facilities. The staff position had improved many additional locomotive and wagons were on order, and delivery was due to begin this year.

Festival Of The Arts Encouraging News from Regions

This is the first year that Regional Festivals have been held prior to the all Nigeria Festival. They will be held in Kaduna, Enugu and Ibadan from Monday next March 2nd until March 7th, and the news is very encouraging. This is particularly so from the Northern Region and on Monday last, though the counting and sorting of the entries was not then complete, the total was already over 400. In one telegram Mr. John Hindle, the festival Honorary Secretary in Kaduna, goes so far as to say that if there had been more time to prepare, the entries might well have been ten times as great.

Last weekend the news from Enugu mentioned approximately 140 entries but this is not the final figures for this first year Eastern competitors are permitted to send entries to Lagos for those events in the Syllabus which the Enugu Committee found themselves unable to hold this time. Many such entries are already being received in Lagos. Figures for the Western Region will not be available for another 48 hours.
