Reduction In Seamen Working Hours.

As a result of the discussions which took place recently between the Nigerian Shipping Federation and the Nigerian Union of Seamen on the Nigeria Maritime Board, a further reduction in working hours for Nigerian Seamen employed in British and Nigerian ocean going ships was agreed. These new working hours become effective from New Year's Day and include for the first time branch line vessels.

In addition to the above the existing sick pay scheme has been extended and a number of panels set up by the Board to examine other personnel Matters affecting the industry.

The Nigeria Maritime Board is comprised of an equal number of representatives from British and Nigerian Shipowners and Nigerian Seamen under the independent chairmanship of Mr. T. A. Bankole, M. B. E., who was nominated by the Federal Minister of Labour. Since the Board first came into operation in April this year negotiating machinery has been developed in an atmosphere of mutual co-operation and goodwill.
