MUNICIPAL BUILDINGS,
LAGOS, 14th MARCH, 1959.

Lagos Executive Development Board

PUBLIC WARNING

PLANNING CONTROL

It has come to the Board's notice that in spite of regular public warning by the Board, Land is being sold and purchased for building purposes in Lagos Township, (especially in certain parts of Suru-Lere and East of Yaba) without previous consultation with the Board's Town Planning Department for information as to how the land or plan for building on them are affected by town planning proposals.

The Board has been further concerned to find that buildings which do not comply with the building Bye-Laws or conform with plans approved by the Board are, in fact, erected on such Lands.

Before proceeding to divide any land within the Township in to lots for the purpose of sale or building upon, an owner must, by law first submit two indentical plans of the land to the Board for aproval.

These plans must show the proposed division of the land into lots and whatever provision if any, has been made for roads.

The public should be aware that unauthorised building within Lagos Township is liable to heavy penalties, including total demolition of the unauthorised building, together with fines and/or imprisonment. It is therefore in the interest of intending purchasers of land for building purpose as well as owners of property wishing to alter buildings or rebuild in Lagos Township, that before purchasing land or buildings and before preparing any building plans, they should first consult the Town Planning Department of the Board for necessary guidance.

Inquiries should be made in writing to the Chief Executive Officer or by visit to the Town Planning Department, Lagos Excutive Development Board, Reclamation Road, Lagos between the hours of 8 a.m. and 10 a.m. Monday to Friday and 8 a.m. to 9 a.m. on Saturday.
