Ruby Found Guilty And Sentenced To Death

DALLAS—Jack Ruby has been found guilty and senteecd to death for the murder of Lee Harvey Oswald, accused assassin of President Kennedy.

The jury of eight-men and four women returned the verdlet east Saturday afternoon.

Texas Judge Joe B. Brown, who had heard the case read the verdict "We, the Jury, find the defendaut guily of murder with malice and assess his punishment at death" It was the maximum penalty.

The 52-year-old Dallas night club operator fired a single fatal shot into Mr' Oswald's body in the Dallas City jail as the manacled prisoner was being transferred to the county jail. The crime occurred on November 24 two days after the assassination of President Kennedy.

His Chief defense counse Mr Melvin Belli announced that he would appeal against the verdict.

During the four week trial the testimony revolved around the question of Mr Ruby's legal sanity at the time of the crime. The State charged that the defenant did unlawfully, voluntarily and with maliee aforethought kill the accused assassin.

Defense lawyers sought a verdiet of not guil y on the ground that he was insane at the time of the crime

The prosecution and defense plaeed 66 witnesses on the stand many of them qualified as experts in the field of psychology or neurology

World Bank Extends Major Loan To Nigeria

Washlngton —The World Bank has extended a 30 mill ion l an to Nigeria to help extend the nation's electrical power network,

The ioan the largest the World Bank has made to Ngeria was signed on Thursday in Washington by Mallam Ibrahim Usman Chairman of the Electricity Corporation of Nigeria and J. Burkt knapp, Vice President of the World Bank.

The project is part of a large expansion program being carried out to provide adequate power supplies to meet Nigeria's rapidly growing manufacturing and family consumer needs.

In a meeting with newsmen following the signing ceremony at the World Bank Headquarters, Mallam Usman said the sale of electricity in Nigeria has been expanding for the past five years at an annual average rate of 24 per cent.

He said Nigeria is interested in recruiting qualified Amerian mechanical and electrical engineers to help in the nation's electrical expansion program.

An announcement on the loan ssued by the World Bank explained that some American, British and German banks participated in the loan,

The Legend Of Timbuktoo

The celebrated city of Timbuktoo in the M l Republ c has long been associated with remot ess and inaccessibi ity. nde d, some people even thi k hat it is a mythical cit that do s not ex sts.

But Timbuktoo is far from mythical and not particularly isolated, as iisteners to the BBC progr mme LONDON FANFERE heard recent y whe Oumar Thiam of Mali spoke about this famous place

"Set on the fringe of the S hara Desert, Timbuktoo city has been a lege d for near y tw ce tur es," he said. "It was said to be the city of gold and has been an importa t commercial and intellectual ce tre, with its ancient Islamic university." Last centur and particularly during the 1830's, so many European explorers were kil ed or forb dden t enter the mysterious ci y by the Hoggar Touregs or by the Moors, that the Timbuktoo legend was begun. 'To go to T mbuktoo mJant willingness to suffer thirst, hunger and discomf rt.'

Among tuese explorers were the American adventures John Ledyard, who succumbed to malarja in his attempts to reach the city; the young Scotsman Mungo Park and many others who were drowned while tryi g to trace the sourees of the Rive Niger. But the first white Chrst in who went to Timbukteo and return d was the French explorer Rene C lle, in 1830.

'S nce that day,' said Oumar Thia , Timbuktoo has become open to anyone and nowdays thousand of tourists come to enjoy the fabulous sight of its desert landscap, where white mosques contrast with the adventurous nd exotic Blue me on their camels. Bel eve me, Timbutco is a re i paradise, and v ry m ch a real y.
