ADVERTISER'S ANNOUNCEMENT

Two Major Reclamation Projects Going Almost Side By Side In Lagos

Rebuilding Aids For Owners

The L.E.D.B is discussing with former landlords of Central Lagos now resident on the Suru Lere Rehousing Estate two alternative proposals for building or purchasing houses on easy terms. These proposals are in addition to the normal assistance which are now available to the general public through the Nigeria Building Society.

The first proposal is a mortgage assistance scheme newly introduced by the Federal Government whereby owners of land in Central Lagos who have had redeveloped land in Central Lagos reconveyed to them by the Board can borrow money with which to rebuild for resid-

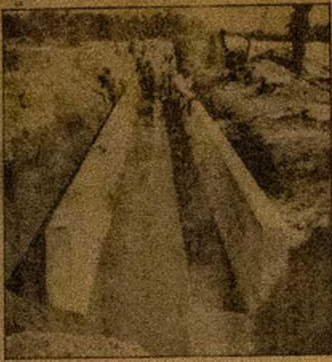
Two Major Reclamation Projects Going Almost Side By Side In Lagos

(Continued From Front Page)

[illegible] Rate of interest [illegible] and [illegible] over a period [illegible]

The second proposal is the possibility of selling some of the [illegible] houses on the Suru Lere Rehousing Estate to bona fide [illegible] provided those in credit are in sufficient number to justify the [illegible]



DRAINS UNDER CONSTRUCTION AT OBALENDE FOLLOWING SAND PUMPING

area set aside for the construction of a first class hotel on the site previously occupied by the Fisheries Department.

In order to reclaim sufficient land for these proposals to be carried out, approximately one million cubic yards of sand is to be pumped from Five Cowrie Creek and Lagos Harbour, raising the level of the swamp by an average of 5 feet.

Pumping started on August 4 1958, and about 700,000 cu. yds. of filling will have been completed by the end of this year.

The new road which will enable the site to be developed and which will also form a valuable amenity in permitting easy access to Victoria Beach, will be approximately 2,500 yards long. It is proposed that the road should consist of two 22' carriageways, with verges and footpaths.

It is anticipated that construction will start on January 1, next year, and it is expected to be finished by March 31, 1960. The total cost of the Scheme, excluding building works, is in the order of half a million pounds.

Work continues on the other project for development of Obalende/South West Ikoyi which is to provide freehold land for sale especially to owners displaced from Central Lagos by the slum clearance operations.

L.E.D.B.'S FIRST FREEHOLD HOUSES ALMOST SOLD OUT

Nearly all the 150 low-cost freehold houses built by the L.E.D.B. under its pilot scheme of freehold housing development at Suru Lere have been sold.

This is the first of a large scale housing scheme, and the first ever to be introduced in Nigeria.

Freehold Housing Schemes Nos. 2 and 3 are now starting. Scheme No. 2 comprises two-storey detached houses, Type A having water closet, bedrooms, bathrooms, large living room, kitchen and space to garage and Type B with four bedrooms, bathroom and garage. Electricity water are supplied to these houses. Prices inclusive of freehold plots range from £2880.

Scheme No. 3 comprises single storey detached houses with four, five and six rooms with bathroom, water closet, kitchen and garage; prices range from £2300 inclusive of freehold plots.

For mortgage assistance, there are loan schemes now available including the Federal Government African Housing Scheme for Government officials, and the Nigeria Building Society, of 5 Custom Street, Lagos, for the general public.

LAGOS

Two major reclamation works are proceeding almost side by side in Lagos. One is at Victoria Island and the other at Obalende under two of the several development schemes on which the L.E.D.B. are engaged.

The L.E.D.B. has been instructed by the Federal Government to proceed, as a matter of urgency, with the development of part of Victoria Island. This development involves the reclamation of low-lying swamp land and the subsequent construction of a new road from the North West corner of the Island to Victoria Beach. This reclamation will make available about 100 acres of land for Parliamentary and other buildings, including an

BOARDIMAN'S DIARY

All houses on the two workers Estate at Obele Odan and Obele Oniwala have been allocated and the L.E.D.B. advises the public that applications can no longer be entertained.

There were two community celebrations on the Suru Lere Estates within the last few weeks. One was by the Oniwala Boys and Girls Club - an Anniversary programme which was spread over a full week and ended with a Dance at which Mr J. W. Henderson, of the L.E.D.B. and Miss Iteet Social Welfare Officer were Joint "Chairmen".

The other was by the Tenants Association of "New Lagos" at the new Biney Community Centre under the direction of the New Advisory Body for the Centre. This was a Dance at which Mr J. W. Henderson and Mr H. K. Biney, jointly presided.

Lord Milverton is expected to visit the Board projects on the 30th of this month.
