Algunas de las historias que se han escuchado en el mundo entero son tan hermosas que no se puede creer que sean ciertas. Una de ellas es la de Atahualpa, el rey del Perú, que vivió hace más de 400 años. Se dice que Atahualpa era un rey muy sabio y justo, que gobernó su imperio con grandeza y bondad. Sin embargo, su vida terminó de una manera trágica cuando fue capturado por los españoles en 1532 y ejecutado en Quito.
